Dr. Dr. Wosterhausen. Wosterhausen. Wosterhausen. Hormone Hormone Hormone Optimization Optimization, peptide, peptide Therapy, Therapy, Therapy, Performance Performance Performance Medicine Medicine Medicine And And And At the intersection At the intersection At the intersection He He He For years this For years this In the region. This In the region. This New medicine New medicine What is it, What is it, We are still We are still Used Used Used With medications With medications With medications How is this?

How is this? Comparison Comparison Comparison And doing And doing,,, For whom? For whom? For whom? To explain To explain To explain You You You Want Want Want The person is The person is The person is He.

He. He. Then, Dr. Then, Dr. Wosterhausen, Wosterhausen, Wosterhausen, To the show To the show To the show Again Again Again Welcome. Welcome. Okay, Chris.

Okay, Chris. To the show To the show To the show Again Again Again Welcome, Welcome, Welcome, Man. Man. Man. On coming here On coming here Happiness, Happiness, Happiness, Brother.

Brother. Brother. This is the third This is the third Number. Third Number. Third Number. us Number. us Whole Whole Whole For those who don't follow For those who don't follow, our first, our first Show mode Show mode It was in C.

It was in C.. We. We About it About it About it A dive A dive Done. I Done. I In doing In doing In doing The most The most More people More people Seen Seen Seen On podcasts On podcasts On podcasts This is one.

This is one. So, So, So, Really Really Really It's cool. It's cool. And we And we An AA An AA Weight loss Weight

loss About the drug About the drug About the drug A study A study Done, that Done, that To disappear To disappear To disappear Came.

Came. Came. For us For us For us To disappear To disappear To disappear Come, a CIA Come, a CIA It's like a movie. It's like a movie. Let's Let's Let's Had to avoid Had to avoid.

.. Invisible. Invisible. Black in it Black in it Operation Operation Operation Conducted Conducted Conducted On the Internet On the Internet On the Internet From From From All of it All of it Signs and Signs and Signs and Delete Delete Delete Should have done Should have done. One day. One day Let's do it.

Let's do it. Release Release Release To do To do To do Maybe, Maybe, Maybe, But now, But now, It's secret. It's secret. Place it. Place it. Today we Today we Really a Really a New New New About the molecule About the molecule About the molecule To speak To speak To speak Going, Going, Going, But But But To that To that To that To cross To cross To cross Before, Before, Before, Man, Man, Man, You You You What is What is What is What did?

What did? Your Your Your In the world In the world In the world What is What is What is New? New? New? First of all, First of all, We are one. We are one. Done.

Done. Done. Few Few Few It's been a long time. This It's been a long time. This The third one is The third one is, but, but For the last one For the last one For the last one A little later A little later There is space.

There is space. Okay, Okay, Okay, Of course. Of course. Did you know? Did you know?, busy. To you To you Already Already Already As is known As is known, Bio-T, Bio-T Another Another Another With the organization With the organization With the organization I I I Education Education Education Doing, Doing, Doing, We We We Basically Basically Basically One for them One for them Longevity Longevity Longevity Course Course Course Doing.

Doing. Doing. We have 60 We have 60 Like age Like age It seems. It seems. So, this So, this On the weekend On the weekend On the weekend We We We Was in New York.

Was in New York., good, good Participation Participation Participation There was There was. Good. Good Reviews Reviews Reviews There was There was, that's very, that's very It was great.

It was great.. In Italy. In Italy From a From a Long Long Long Vacation Vacation Vacation After After After Returned, Returned, Returned, 25th anniversary.

25th anniversary. So, that's it. So, that's it. It was interesting. It was interesting., again, again To the rush To the rush To the rush To cross To cross To cross Trying Trying. Today. Today Afternoon Afternoon Afternoon A little A little A little Content Content Content Construction Construction Construction Done, um Done, um Another Another Another For the lecture For the lecture, in it, in it To continue To continue To continue Trying Trying, man,, man, All of us All of us All of us Like, I Like, I It seems.

It seems. Yes. You Yes. You Lecture Lecture Lecture Saying Saying Saying Interesting, Interesting, Interesting, Friend. I Friend. I This should be done, um This should be done, um I I I Actually Actually Actually Not going.

Not going. This This This In Hungary, In Hungary, Isn't it? Isn't it? Okay. Okay. Okay. Oh, this is very Oh, this is very Interesting, Interesting, Interesting, Man.

Man. Man. Why, Why, Why, I I I Chronic Chronic Chronic Inflammation Inflammation Inflammation About About About To speak To speak To speak I'm leaving.

I'm leaving. I'm leaving. I thought. A I thought. A Basic Basic Basic Peptide Peptide Peptide Lecture Lecture Lecture I am like I am like Talking Talking Talking I I I Completely Completely Completely Forgot. They Forgot. They I have an agenda.

I have an agenda. Sent, I Sent, I Said, "This Said, "This What?" I said, "Oh. ", right." I ", right." I Said, "No, Said, "No, No, no, No, no, This for them This for them Wrong.

Wrong. Wrong. This for them This for them "Wrong." "Wrong." "Wrong." I I I In passing In passing, I said, "Oh,, I said, "Oh, Yes, that's it. Yes, that's it. Right." Right." Right." So, So, So, I have two I have two Within a day Within a day Within a day Here is a Here is a Lecture Lecture Lecture To be carried out To be carried out To be carried out Came, but Came, but Did you know?

Did you know?, sometimes, sometimes Our Our Our Friend Friend Friend Like Leonard Like Leonard, sometimes it, sometimes it To complete To complete To complete Let's Let's Let's Under pressure Under pressure Under pressure Have to work Have to work Have to work Will come. So, Will come. So, Yes, sometimes.

Yes, sometimes. That is the most That is the most Good way. Good way. I have this. I have this. Already Already Already As received As received As received I I I Thinking Thinking Thinking I really I really Thought, Thought, Thought, Friend. This Friend. This A A A It is repetitive.

It is repetitive. I said, "Oh, I said, "Oh, Dirty Dirty, I am new, I am new Something Something Something "It should be made." "It should be made." So, So, So, By speaking By speaking By speaking I have that.

I have that. I understand, I understand, Man. Man. Man. Sometimes it Sometimes it Its Its Its Part of, Part of, Man, Man, Man, Did you know? Did you know?

, to do that, to do that A possible A possible Amazing Amazing Amazing It's a matter. It's a matter. Now, Now, Now, In Texas In Texas In Texas Your Your Your Clinic, Clinic, Clinic, Research, Research, Research, Man, Man, Man, You now You now 18 years old 18 years old Is it enough?

Is it enough? Is it enough? I said I said Was looking Was looking??? That That That That's right. That's right. That's right. It seems. It seems. Another time Another time Another time Someone to me Someone to me That That That I asked.

I asked., but that, but that That's right. That's right. That's right. It seems. It seems. Yes, so Yes, so We We We For a long time For a long time For a long time That That That Doing.

Doing. Doing. We We We Actually Actually Actually We first We first When it started When it started, we, we Aesthetics Aesthetics Aesthetics Was in training Was in training,,, Believe it or not Believe it or not Believe it or not Even if not.

Even if not. So, we So, we Complete, Complete, Complete, Med Spa Med Spa Like the thing Like the thing Started, Started, Started, Did you know? Did you know??

?? Clinic's Clinic's Clinic's Origin Origin Origin That was it, That was it, That is a That is a Clinic Clinic Clinic It wasn't, It wasn't, A spa A spa Was.

Was. my wife my wife Chris, Chris, Chris, As a couple As a couple As a couple We We We Always funny Always funny As they say As they say, three, three There are Chrismas.

There are Chrismas., that's for her, that's for her To do To do To do possible possible possible It was one It was one, right? That's her., right? That's her. A A A Mother was Mother was,,, There were children.

There were children., so, so She has it. She has it. To perform To perform To perform Can, Can, Can, I have it. I have it. A small A small To be part of To be part of To be part of Can, Can, Can, Then it Then it Grown up.

Grown up. Then Then Then For me For me For me Got it. Got it. Got it. For me For me For me About aesthetics About aesthetics About aesthetics So big So big Not interested Not interested. My. My Not a passion Not a passion Not a passion That. And that That. And that A little A little A little Within years Within years Within years A wellness

A wellness As a center As a center As a center Changed. Yes, Changed. Yes, About 14 About 14 We have been for years We have been for years What is being done?

What is being done? What is being done? Current Current Current Repetition. Repetition. Repetition. The first The first The first Three or four Three or four Year we Year we Things Things Things I was understanding.

The evolution of longevity medicine.)

I was understanding…. Oh man, Oh man, Your Your Your In practice In practice In practice Moreover, this Moreover, this And in longevity And in longevity And in longevity Functional Functional Functional Medicine Medicine Medicine In the region In the region In the region You You You Seeing Seeing Seeing The biggest The biggest Change, Change, Change, The biggest The biggest Metamorphosis Metamorphosis Metamorphosis What?

What? What? Man, Man, Man, The most The most The most Big Big Big What is it? What is it? What is it? I know, I know, I always I always This This This On the weekend On the weekend On the weekend Some Some Some To donors To donors To donors I used to say I used to say, that's how it is, that's how it is We We We To this To this To this Passed, yes, Passed, yes, We We We In aesthetics In aesthetics In aesthetics From From From Started, Started, Started, But we But we Quickly Quickly Quickly Hormone Hormone Hormone Replacement Replacement Replacement Started, Started, Started, Isn't it? My Isn't it? My In the opinion In the opinion In the opinion That That That That's how it is, That's how it is, This is a This is a Longevity Longevity Longevity That is basic That is basic That is basic You You You Agree Agree Agree I think.

I think. So we So we Hormone Hormone Hormone To replacement To replacement To replacement Passed. Then Passed. Then We We We Peptides Peptides Peptides Found.

Found. Found. Did you know? Did you know?, I, I Peptides Peptides Peptides To do To do To do When it started When it started, Oh my God, almost, Oh my God, almost A A A Decade Decade Decade Before, us Before, us As renegades As renegades As renegades It was estimated It was estimated. Fool us.

. Fool us. As donors As donors As donors It was estimated It was estimated, right? Then, right? Then A little A little A little years years years Before that Before that Pendulum Pendulum Pendulum Absolutely Absolutely Absolutely Acceptably Acceptably. Oh well,. Oh well, Did you know?

Did you know?, It's okay. And now And now That pendulum That pendulum How How How To the right To the right To the right Moved, Moved, Moved, Did you know?

Did you know?, your, your Fitness Fitness Fitness Trainer Trainer Trainer Or Or Or Your Your Your Real Real Real Estate Estate Estate Agent Agent Agent Including Including Including Anyone Anyone Anyone For everyone For everyone For everyone Your Your Your Peptides Peptides Peptides How How How Can be built Can be built Can be built I can say.

I can say. Last day Last day I am a real I am a real Estate Estate Estate Agent Agent Agent See, he See, he Peptides Peptides Peptides Was selling Was selling.

.. Did you know? Did you know?, that's for me, that's for me Crazy. Crazy. Crazy. Has changed. Has changed.. Peptides. Peptides So much So much So much Mainstream Mainstream Mainstream Changed II Changed II For me For me For me Liked, Liked, Liked, But at the same time But at the same time That That That For industry For industry For industry Almost bad Almost bad And bring about And bring about And bring about Done. So, Done. So, This is us This is us Facing a Facing a It's a situation.

It's a situation. Pendulum Pendulum Pendulum Ever Ever Ever To the middle To the middle To the middle Will return Will return Will return I think, I think, But that But that How How How Will go Will go Will go We We We Must see Must see.

.. Okay. A little Okay. A little For weeks For weeks For weeks Before me Before me Other Other Other On podcasts

On podcasts On podcasts That there was That there was That there was When I remember When I remember When I remember That's interesting, That's interesting, 2019 or 2019 or In 2018 In 2018 Everyone Everyone Everyone To like To like To like A A A Peptide Peptide Peptide Definition Definition Definition How How How To explain To explain To explain That came That came I I I Spoken.

Spoken. Spoken. Answer Answer Answer giving giving giving Person, Person, Person, You You You Have you heard? Have you heard?? They? They What are they like?

What are they like? What are they like? Did you know? Did you know?,,, What is that? What is that? What is that? I don't know. I don't know.. That. That Literally Literally Literally One day One day Eight times Eight times For me For me For me In sleep In sleep In sleep to say to say to say possible possible possible To the stage To the stage. Yes, that's a. Yes, that's a Amino acids, Amino acids, Peptide Peptide Peptide Bonds, Bonds, Bonds, But But But Signaling Signaling Signaling Molecule Molecule Molecule are.

are. are. Now Now Now I have that. I have that. Explanation Explanation Explanation Have to do Have to do Have to do It's as if it never came. It's as if it never came.

, finally, finally I have that. I have that. Have to do Have to do Have to do That came That came That came For me For me For me I don't remember. I don't remember.

Most people Most people That That That What is it? What is it? What is it? Likes Likes, for them, for them Their names Their names I know, language.

I know, language. More More More Universal Universal, but now, but now We do that. We do that. How to do it right How to do it right In the manner In the manner In the manner Doing Doing Doing is that is that is that Important.

Important. Important. Today's Today's Today's Our Our Our To the topic To the topic To the topic This is a good one. This is a good one.

Understanding orforglipron as a new molecule.)

It is a continuation. It is a continuation. Then Then Then We We We About Orforglipron About Orforglipron About Orforglipron To speak To speak To speak Going, that Going, that Technically Technically Technically A A A Peptide Peptide Peptide No.

No. Therefore, Therefore, Most people Most people This is the first time This is the first time When I saw it, the FDA When I saw it, the FDA Approval Approval Approval That I received That I received Let's say.

Let's say. We do this. We do this. Lounge Lounge Lounge By the time you do By the time you do By the time you do It's July-ish. It's July-ish. It will be. So It will be. So On April 1st On April 1st FDA for that FDA for that Approval Approval Approval Got it.

Got it. You do that. You do that. For the first time For the first time For the first time When I saw it, When I saw it, A A A Within a moment Within a moment Within a moment That That That What is it?

What is it? What is it? I I I To speak To speak To speak Going, Going, Going, But But But Your Your Your First First First Response Response Response What was it?

What was it?? That is a? That is a Original Original Original As progress As progress As progress Did you feel it or not? Did you feel it or not? What we have What we have What we have A A A As a variation As a variation As a variation Did you feel it? Yes, Did you feel it? Yes, In February In February In February I I I About it About it About it A lecture A lecture Because it was done Because it was done, I have that, I have that About the compound About the compound About the compound Already Already Already Good Good Good I was familiar with I was familiar with. So that. So that Coming Coming Coming I knew.

I knew., so, so It has some It has some Nuances Nuances Nuances There is There is There is I I I I think, I think, But that But that Let's Let's Let's Already Already Already Of what is Of what is Of what is A A A It is a variation.

In it In it Let's Let's Let's Something Something Something Something special Something special Something special For me For me For me Sure, Sure, Sure, Oral Vegovy Oral Vegovy Not like, Not like, On the contrary, it On the contrary, it What makes it different What makes it different What makes it different What, What, What, But yes But yes It's time.

It's time. Our Our Our In the opinion In the opinion In the opinion Already Already Already had had had One's One's One's Latest Latest Latest Repetition Repetition. Right.

We We It was the same. It was the same. It was the same. For this For this For this Leadership Leadership Leadership What to give What to give What to give For me For me For me Got it, Got it, That That That It's okay, It's okay, Because we Because we There is time, that is There is time, that is Actually Actually Actually Orforglipron Orforglipron Orforglipron Generic Generic Generic It is a noun, but It is a noun, but Approved Approved Approved Original Original Original Medicine Medicine Medicine It's fondue.

This This The second is The second is, or, or Now, Now, Now, The next two The next two Within a month Within a month Within a month What What What Will happen Will happen Will happen Who knows, Who knows, But this But this Second Second Second Oral GLP-1 is.

Oral GLP-1 is.

Bioavailability and absorption: small molecules vs. peptides.)

So this So this An oral An oral Weight loss Weight loss It is medicine, It is medicine, I am there. I am there. From From From To begin To begin To begin Want Want, but here, but here Chris Chris Chris Saying, Saying, Saying, Most GLP-1- Eat Eat Eat Let's Let's Let's As peptides As peptides As peptides I know, they I know, they Need to be vaccinated Need to be vaccinated, because they, because they The intestines The intestines The intestines To survive To survive To survive Can't.

Can't. Can't. Isn't that right? Isn't that right? But, this But, this Orforglipron Orforglipron Orforglipron Actually Actually Actually A small A small It is a molecule.

For non-scientists For non-scientists For pharmacists For pharmacists, a small, a small Molecule Molecule Peptide Peptide Between Between Between Difference Difference Difference What? Yes, What? Yes, You You You Oral Oral Oral To Wegovi To Wegovi To Wegovi If you go back If you go back, for which 2%, for which 2% Lower bioavailability Lower bioavailability There is only There is only. They have it.

. They have it. Absorption Absorption Absorption To do To do To do Past Past Past The only way, The only way, We We We Snack Snack Snack That That That Calling Calling Calling With one With one With one Combine Combine Combine is, is, is, Isn't it? So, Isn't it? So, It absorbs It absorbs Too much to do Too much to do Very Very Very It is difficult.

It is difficult., that's why, that's why You all You all Every day Every day Every day Something Something Something To do 25 To do 25 Milligram Milligram Milligram Oral Vegovy Oral Vegovy What to eat What to eat.

. Vaccination Vaccination According to, According to, Half a week Half a week From 2 From 2 Milligram Milligram Milligram It will take up to. It will take up to. A A A Comparative Comparative Comparative As, As, As, To you To you To you Already Already Already As is known As is known, a small, a small Molecule, Molecule, Molecule, Basically Basically Basically I am mine.

I am mine. To the patients To the patients To the patients Saying a Saying a Small Small Small It is a molecule, It is a molecule, Actually Actually Actually Name all Name all Says. This Says. This Very small Very small It is a molecule.

In weight, 39 In weight, 39 Amino acid Amino acid Than peptide Than peptide Than peptide This is very This is very Small. Small. Also, this Also, this Very Very Very It is durable.

It is durable. It is durable. Did you know? Did you know?. So, this. So, this Digestion Digestion Digestion Like enzymes Like enzymes Like enzymes Not affected Not affected. So, this. So, this A A A Like a Ferrari Like a Ferrari Like a Ferrari GI system GI system A little more A little more A little more Navigate Navigate Navigate Doing Doing Doing I always I always It is said, It is said, There is an oral There is an oral Vegovi is a go- Like a cart Like a cart Navigate Navigate Navigate Doing.

Doing. So, this is a So, this is a kind of kind of kind of Dosing Dosing Dosing Without restrictions Without restrictions Without restrictions to take to take to take Allows Allows, right? Because,, right? Because, Oral Oral Oral Vegovi's Vegovi's Vegovi's Big Big Big Among the disadvantages Among the disadvantages Among the disadvantages One, you are 30.

One, you are 30. Minute Minute Minute Fasting and a Fasting and a Glass Glass Glass With water With water With water Snack Snack Snack Activate Activate Activate Then Then Then Something Something Something To eat To eat To eat Before 30 Before 30 One more minute One more minute Waiting Waiting Waiting It is necessary.

This is big. This is big. Significantly Significantly Significantly Doesn't seem like it Doesn't seem like it, but some, but some That's for people That's for people A big one A big one It will be important.

It will be important., while, while You You You As said, As said, On the market On the market On the market The first GLP-1 The first GLP-1 Non- Non- Peptide Peptide Peptide This is it.

This is it. Due to the fact Due to the fact You have that. You have that. Dosing Dosing Dosing Controls Controls Controls No. You No. You A A A About snacks About snacks About snacks Also mentioned Also mentioned Also mentioned Absorption Absorption Absorption To do To do To do As much as possible As much as possible As much as possible An interesting one An interesting one It's a matter of fact.

It's a matter of fact. In my opinion In my opinion This little one This little one Molecules Molecules Molecules Very Very Very Because it is small Because it is small Because it is small They have intestines.

They have intestines. Through the wall Through the wall Through the wall Intact Intact Intact To slip and fall To slip and fall To slip and fall Can. So Can. So For them For them For them From there From there To exit To exit To exit Can, so Can, so About snacks About snacks About snacks For those unfamiliar For those unfamiliar, most, most For people For people For people This is a normal This is a normal Not a word Not a word Not a word Because Because Because We do that.

We do that. That includes That includes That includes To ensure To ensure To ensure I I I Want Want. What is. What is Snack, Snack, Snack, The good thing about it The good thing about it Bad Bad Bad Things Things Things What are What are?

? Okay, Okay, Basically Basically Basically For me For me For me What has been said What has been said, this is a digestive, this is a digestive It is increasing.

It is increasing. It is increasing. You know. You know.. This is GOP-1. This is GOP-1 The molecule The molecule The molecule To save To save To save Helps Helps, so, so Snack Snack Snack About the pros and cons About the pros and cons About the pros and cons To you To you To you More More More May there be knowledge May there be knowledge May there be knowledge You know.

You know., but GOP-1, but GOP-1 Absorption Absorption Absorption They do They do Not to be used Not to be used Not to be used This is one thing. This is one thing.

This is one thing. You know. You know.. Yes,. Yes, Some people Some people About this About this About this Preaching Preaching Preaching When listening When listening When listening For me For me For me Feeling

Feeling Feeling The biggest The biggest Concern, Concern, Concern, To someone To someone To someone Very Very Very Healthy Healthy Healthy Intestines Intestines Intestines Accessibility Accessibility Accessibility Problems Problems Problems Is there Is there Is there That's it, that's all.

That's it, that's all. No problem. No problem. But, this But, this Excessive Excessive Excessive That is simplification That is simplification That is simplification I will say, this I will say, this To you To you To you Known Known Known Molecule Molecule Molecule GI to come out GI to come out This is in the brochure This is in the brochure Small Small Small Holes Holes Holes Making Making Making It's like.

It's like. To you To you To you Already Already Already Some intestines Some intestines Accessibility Accessibility Accessibility If there are problems If there are problems, that's a, that's a To be a problem To be a problem To be a problem Before Before Before Or Or Or A problem A problem To enlarge To enlarge To enlarge Before Before Before To you To you To you How many times is that?

How many times is that? To do To do To do Can you, right? Can you, right? So already So already Same to it Same to it Fighting Fighting Fighting For people For people For people That is the most That is the most Big concern Big concern I said I said I think.

I think. Other Other Other Without any means Without any means Without any means Same Same Same Seems Seems Seems Some medications Some medications This is because there is This is because there is Very Very Very Excellent, Excellent, Excellent, Because it is organic Because it is organic Availability Availability Availability To ensure To ensure To ensure It is a way, It is a way, Isn't it? But Isn't it? But Gut health Gut health With problems With problems With problems This for people This for people Maybe Maybe Maybe The best The best Maybe it doesn't matter.

Maybe it doesn't matter…. Did you know? Did you know?, this is a kind of, this is a kind of It is difficult. It is difficult.. So this. So this For people For people For people Another option Another option Gives, Gives, Gives, Especially Especially Especially They already They already A kind of A kind of Gut Gut Gut Permeability Permeability Permeability Or Or Or Leaking Leaking Leaking Gut Gut Gut Problems Problems Problems If faced If faced. So,. So, Did you know?

Did you know?, a perfect, a perfect In the world In the world In the world Snack Snack Snack And And And Let's do it. Let's do it. To do To do To do If possible, If possible, I I I Happy.

Happy. Happy. If not, If not, Yes. Yes. Yes. You You You To do To do To do Should be done. Should be done. Yes, we are. Yes, we are. As said As said As said Dosing Dosing Dosing Controls Controls Controls For some people For some people It will be difficult.

It will be difficult., right? So, right? So This is for them This is for them In a day In a day Once Once Once Only that Only that to take to take to take Allows Allows, so in it, so in it A little bit from A little bit from Thinking ability Thinking ability Thinking ability Losing Losing.

. Then the biological Then the biological Availability Availability Availability Showing Showing Showing Oral Vegovy Oral Vegovy Studies 1 to 2% Until Until Until Within the limits Within the limits Within the limits You You You Was mentioning Was mentioning.

. Orforglipron Orforglipron What is What is What is Coming? Coming? Coming? Okay, I Okay, I Finally Finally Finally Viewed 70-80 Viewed 70-80 In the period In the period In the period I think, I think, That That That Where is it?

Where is it? Where is it? I I I Believe Believe. Therefore, oral. Therefore, oral Than Vegovi Than Vegovi Than Vegovi Very Very Very Excellent. Excellent.

Again, that Again, that That's right. That's right. That's right. It seems, It seems, Because, we Because, we Unsaid Unsaid Unsaid one thing, one thing, Our Our Our In industry In industry In industry New New New Donors Donors

Donors Industry Industry Industry Trying Trying Trying For me For me For me Always Always Always It seems; It seems; Something Something Something A A A Peptide Peptide Peptide They said no.

They said no. If found, If found, Somehow it Somehow it That much That much That much Not good Not good Not good For them For them For them It seems, It seems, Isn't it? We Isn't it? We Somehow Somehow Somehow Peptides Peptides Peptides became became became in matters in matters in matters This is one, This is one, The world is very pro The world is very pro As a peptide As a peptide As a peptide Has changed.

Has changed., something, something A A A Peptide Peptide Peptide Otherwise Otherwise Otherwise Sometimes Sometimes Sometimes Donors Donors Donors Are the patients Are the patients That much That much That much Not good Not good Not good I think.

I think. Another Another Another The thing is, now The thing is, now All in one All in one Peptide Peptide Peptide That That That Called Called, right? This, right? This On the weekend On the weekend On the weekend We We We About this About this About this Was talking Was talking, in which amino, in which amino Because there is Because there is Because there is Five Five Five Amino acids Amino acids Amino acids How, that How, that When not When not When not That That That Repeatedly Repeatedly Repeatedly A A A Peptide Peptide Peptide That That That Calling Calling Calling I see.

Peptide Peptide Non-GLP-1 Non-GLP-1 Non-GLP-1 As As As For orforgliprone For orforgliprone For orforgliprone A A A There is something special. There is something special.

, but they, but they What is the movie? What is the movie? Calling Calling Calling Oral Oral Oral Orally Orally Orally This is very This is very Some strong Some strong There are similarities.

There are similarities..

Clinical implications of orforglipron.)

. So organic So organic Availability Availability Availability With an increase, With an increase, For the body For the body For the body That's more That's more Getting Getting Getting You know.

You know.. That. That Clinical Clinical Clinical Predictability Predictability Predictability Will you change it? That Will you change it? That Change Change Change How How How The patient The patient The patient Daily Daily Daily Experience Experience Experience Absorption Absorption Absorption Or Or Or Bioavailability Bioavailability Bioavailability Low Low Low Against one Against one Against one Changing?

Changing? Yes, Yes, I don't know. I don't know.. We do that.. We do that. A little more A little more A little more When using When using When using We We We To understand To understand To understand going going going It will be one It will be one It will be one I think.

I think. Did you know? Did you know?, this is a partial, this is a partial Agonist Agonist Agonist Only, Only, Only, So this is a So this is a Full GLP-1 Full GLP-1 Agonist Agonist Agonist No, that's it.

No, that's it. Effective Effective Effective It seems like a It seems like a It's a matter of fact. It's a matter of fact.
