Initial Consultation and Experience

extremely knowledgeable. I was blown away even when I first met with him and did my consultation with what he was able to uncover as far as what I have and I couldn't even believe it.

Treatment Results and Recovery

So he has years and years, decades worth of experience and knowledge and everything here in place to treat you. I'm here at Deeper Healing and I am just finishing up my treatments.

And I feel amazing. I feel really, really good. Um, Im working again. Uh, driving again, and drove here, which I wasn't able to drive or work for almost a year.

Life Improvements and Recommendation

So I really am getting my life back. I just can't say enough good things about the staff and the treatments here and what they've done for me. They really have saved my life.

And I would tell anyone with a chronic condition, they need to do whatever it is to get here, and get the help they needed.
