Welcome to Day Two of the Summit

Hi. Welcome to day two of Reversing Hashimoto's and Thyroid Disorder Summit.

The Impact of Thyroid Disease and the Need for Hope

I am Doctor Anshul Gupta, your host for this transformative event. I have seen the toll thyroid disease takes not just on your body, but also on your mind and spirit Through years of working with patients.

I have witnessed the frustration of feeling unheard. The struggle to find answers and the exhaustion that comes with being told there is nothing you can do.

But I have also seen the power of hope and healing by addressing root causes. I have helped thousands of people regain their energy, mental clarity and sense of control over their health.
