Welcome to the Cancer Breakthroughs Summit

Hi, Dr. Michael Karlfeldt here. Thanks again for joining me at Cancer Breakthroughs Summit. I'm excited to share with you the tools and the knowledge that you need to fight cancer.

Personal Story and Mission to Help Patients

And when I lost my father to colon cancer, nobody should have to go through that. But it inspired me to become a cancer care provider. I want to help prevent others from going through the same pain my family went through.

For 30 years, I personalized cancer treatments to do what is best for each person. There isn't a one size fits all in cancer treatment.

Personalized Cancer Care Philosophy

That's why I'm hosting this summit to bring together valuable insights to benefit each individual and their unique journey. I'm so excited for you to experience the summit in your own way and at your own pace.

I want you to be able to come back to these incredible presentations whenever you need them. Speaking of which, this is a great time to remind you of two things.
