Welcome to Cancer Breakthroughs Summit 2.0

Hi, Dr. Michael Karlfeldt here. Thanks again for joining us at Cancer Breakthroughs Summit 2.0.

Personal Story and Mission to Personalize Cancer Care

I'm so excited to share these valuable insights and tools that you can use so that you can do everything you can to win your fight. I lost my father to colon cancer.

It's not something that I want anyone of you having to go through. But inspired me to become a cancer care provider so that I can do everything I can to prevent others from having to go through the same kind of pain that my family did for over 30 years.

I personalized cancer treatments to do what is best for each individual. There's no one size fits all when it comes to cancer treatments.

How to Use the Summit Resources

And that's why I'm hosting this summit to bring together valuable insights to benefit each individual in their unique journey. I'm so excited for you to experience this summit in your own way, at your own pace.

I want you to be able to come back to these incredible presentations whenever you need them. Speaking of which, this is a great time to remind you of two things.

You have access to dozens of videos from the summit forever. You can also download and read all the transcripts and audio files. I find it particularly helpful to listen to the audio version on my in my car, on my way to work, or when I'm taking my morning walk.

Also, don't forget to download your bonuses from the speakers. They contain exceptional value on your healing journey. You can access all these items at any time in the menu located at the top of your account profile.
