Welcome to the Cancer Breakthrough Summit

Hi doctor Michael. Karlfeldt, thanks again for joining me at the Cancer Breakthrough Summit I'm so excited to share these valuable tools and insights.

So that you can do everything you can to win this fight.

Personalized Cancer Care and Summit Purpose

I lost my father to colon cancer, so anything that I'd like any one of you having to go through, but inspired me to become a cancer care provider so that I can help others and his system so they don't have to go through the same kind of pain that my family did for over 30 years.

I personalized cancer treatments to do what is best for each individual. There's no one size fits all when it comes to cancer treatments. That's why I'm hosting this summit to bring together valuable insights, benefit each individual and their unique journey.

I'm so excited to, for you to experience this summit, in your own way, at your own pace. I want you to be able to come back to these incredible presentations whenever you need them.

Speaking of which, this is a great time to remind you of two things. You have access to dozens of videos from the summit forever.
