Welcome to the Lyme Disease Summit

Hey there, doctor Tom here with Doctor Darren and we'd like to thank you for purchasing the healing from Lyme Disease Summit. You've made an excellent choice and a huge first step towards a healthier life by learning about the complex link between toxicants, autoimmune diseases, and chronic illnesses.

Why This Summit Matters

The truth is that through our decades in medical practice, we've seen a massive gap in that training that providers receive, both in school and at medical conferences.

It was quite simply extremely difficult to gain the knowledge necessary to effectively diagnose and treat patients suffering, often for months or years, without answers.

Something needed to change. So we're using this platform, hoping to alleviate the suffering of millions of people around the globe from tick borne infections and environmentally acquired chronic illnesses.

How to Access Summit Content

And we want to share everything we've learned across our careers to help you understand how powerful you can be. We're so excited for you to experience a summit to attend at your own pace.

We want you to be able to come back to these incredible presentations whenever you need them, and integrate what you learned in your real life over time.

We want to remind you of two things. You have access to dozens of videos from the summit forever, and you can also download and read all the transcripts and audio files.

I find it particularly helpful to listen to the audio versions when I'm in my car, on the way to work, or doing my morning walk. Also, don't forget to download the bonuses from all of our amazing speakers.
