Hi, I'm Doctor Joel Kahn. Thanks again for joining me and Doctor Joel Fuhrman at the Reversing Heart Disease 2.0 Summit. You've made an excellent choice and a huge first step towards reversing heart disease.

Throughout my career, I've cared for thousands of patients who had heart attacks and strokes, but I'm eager to bring an end to it all. My goal is more than just reversing heart disease.

It's about preventing it from happening in the first place. That's why I'm hosting this life changing event, so you can gain the tools and knowledge you need for a healthy life, free from heart disease.

I'm so excited for you to experience this summit in your own way and at your own pace. I want you to be able to come back to these incredible presentations whenever you need them.

Speaking of which, this is a great time to remind you of two things. You have access to dozens of videos from the summit forever. You can also download and read all the transcripts and listen to the audio files.

I find it particularly helpful to listen to the audio versions in my car on the way to work, and during my morning workouts. Also, don't forget to download your bonuses from our speakers.

They contain exceptional value on your healing journey. You can access all these items anytime in the menu at the top of your account profile. If you've bought any other products during the checkout process, our email with instructions and access in them is already in your inbox.

If you can't locate it, just email us at support@drtalks.com You can also contact us if you have general questions about your account. Our excellent support team at DrTalks is here to assist you any time.

But that's it for now. Please enjoy everything this summit offers. We're here for you together on your health journey.
