Welcome to the Medical Weight Loss Summit

Thanks again for joining me at the Medical Weight Loss Summit. You've made a huge first step towards transforming not just how you look, but how you feel and live.

Accessing Summit Videos and Transcripts

My journey isn't just about shedding pounds, it's about unearthing hidden factors that contribute to weight gain and the challenges with losing it. And I've helped thousands of people to lose weight and treat and prevent medical problems over the last decade.

And now I'm here to help you. And that is why I am hosting this life changing event. I'm so excited for you to experience this summit in your own way, at your own pace.

I want you to be able to come back to these incredible presentations whenever you need them. Speaking of which, this is a great time to remind you of two things.

Downloading Bonuses and Support

You have access to the summit videos for ever, and you can also download and read all the transcripts as audio files. I find you particularly helpful to listen to the audio versions in my car on the way to work, or sometimes on a morning walk.

Also, don't forget to download bonuses from our speakers. They have an exceptional value for you on your healing journey, and you can access all these items any time in the menu located on your account profile.

If you bought any other products during the checkout process, an email from us with instructions accessing them is already in your inbox. And if you can't locate it, just go ahead and email us at support at drtalks.com.

You can also contact us if you have general questions about your account. Our diligent support team at Doctor Talks is here to assist you any time. That's it for now.

Please enjoy everything this summit offers. We are here for you and we are together on this health journey.
