Welcome to the Summit

Hi, I'm Dr. Ann Shippy. Thanks again for joining me at the Mold, Mycotoxin and Chronic Illness Summit. You've made an important choice to uncover root causes and solutions, while toxicity is often a hidden root cause behind illnesses.

Yet it's often missed by doctors. It's surprising how often hidden toxic mold in our homes, workplaces, cars and schools can affect so many different systems in our bodies.

Discovering Mold as a Hidden Cause

Although I had previously overcome significant illnesses in 2009, I had ALS like symptoms and my sons were sick too. Although I consulted with some of my most esteemed colleagues.

No one could figure out what was causing my illness. That's when I uncovered that mold was the culprit behind me and my family's serious illness. Now, as a functional medicine doctor, I treated many patients, helping them address the real causes of their conditions and heal.

Often I felt better than they even did before their illness. And that's why I am hosting the summit. I'm so excited for you to experience the summit in your own way, at your own pace.

I want you to be able to come back to these incredible presentations whenever you need them. Speaking of which, this is a great time to remind you of two things.

You have access to dozens of videos from the summit to watch at your own pace. You can also download and read all the transcripts and audio files.

How to Access Summit Resources

I find it particularly helpful to listen to the audio versions on the way to work or during my morning exercise. And don't forget to download your bonuses from our speakers.

They contain exceptional value on your healing journey. You can access all these items at any time in the menu located at the top of your account provided if you bought any other products during the checkout process.

An email from Dr. Talks with instructions on accessing them is already in your inbox. If you can't locate it, please email support@drtalks.com. You can also contact Dr.

Talks if you have general questions about your account. The diligent support team at Dr. Talks is here to assist you at any time. Please enjoy everything this summit offers.

I hope this information helps you on your journey to help keep.
