Welcome to the Prostate Cancer Summit

Doctor Geo Espinosa here. Thanks again for joining me at the prostate Cancer Summit. You've made an excellent choice and a huge first step towards transforming your prostate cancer journey.

From confusion to understanding. Prostate cancer has been a part of my life for as long as I can remember.

Doctor Espinosau2019s Personal Mission

My father had many prostate issues and my grandfather died from it. These experiences led me to specialize in prostate health and become a leading expert in integrative prostate cancer treatment.

I've helped thousands of patients and now I'm here to help you. That's why I'm hosting this life changing event. I'm so excited for you to experience this summit in your own way and at your own pace.

I want you to be able to come back to these incredible presentations whenever you need them.

How to Access Summit Content

Speaking of which, this is a great time to remind you of two things. Number one, you have access to dozens of videos from the summit forever. Number two, you can download and read all the transcripts and audio files.

I find it particularly helpful to listen to the audio version in my car, or on my way to work, or when I'm taking my morning walks. Also, don't forget to download your bonuses from our speakers.

They contain exceptional value on your healing journey. You can access all these items at any time in the menu located at the top of your account profile.
