Welcome to the Summit

Hi, doctor. Heather Sandison here. Thanks again for joining me at the Reverse Alzheimer's 4.0 summit. You've made a very brave step towards learning how to prevent and reverse Alzheimer's disease.

Accessing Summit Content and Resources

I'm passionate about helping those suffering from Alzheimer's and other dementias and their families. That's why I founded Salisbury Health Clinic and Marama, the first residential care facility for the elderly of its kind.

And that's why I'm hosting this amazing event to bring you hope and hopefully, solutions. I'm so excited for you to experience this summit in your own way and at your own pace.

I want you to be able to come back and see these incredible presentations whenever you need them. Speaking of which, this is a great time to remind you of two things.

One, you have access to dozens of videos from the summit forever. And two, you can also download and read all of the transcripts and the audio files. I find it particularly helpful to listen to the audio versions in my car, on the way to work, or during my morning walk.

Don't forget to download your bonuses from our speakers as well.

Bonuses, Purchases, and Support

They contain exceptional value for your healing journey. You can access all of these items at any time in the menu located at the top of your account profile.

If you bought any other products during the checkout process, an email form from us with instructions on accessing them is already in your inbox. If you can't locate it, just email us at support@drrtalks.com, or you can contact us if you have general questions about your account.

Our diligent support team at DrTalks is here to assist you any time. That's it for now. Please enjoy everything the summit has to offer. We're here for you together on your health journey.
