Welcome to the Summit

Hi. This is Sinclair Kennally. Thanks for getting Drtalks Premium for the Reversing Chronic Gut Conditions Summit. You've made an excellent choice and a huge step forward towards resolving your own issues.

I've been in your shoes, you know, I've lived through it. I was told I was never going to heal, that I was always going to have compromised gut function, that my life would be limited and then I would always be exhausted, and that there was no cure for me.

Personal Healing Journey

Maybe progress, but it would be measured over years and not months, which is just ridiculous looking back now. So yes, I had SIBO and GERD and I was down to three foods and I could barely stand for more than a few minutes at a time.

I was so weak and malnourished and fatigued, I felt like I was dying honestly. And I actually did have no energy to live my life. And it sounds scary to look back on it now, but you know, we're survivors and so is your body.

I took control. I was very skilled my that I didn't take no for an answer and I didn't accept what the doctors were telling me. I kept looking. And I know you can't, too, because honestly, I'm a giant was I'm not perfect.

And if I can do it, I know you can, too. So that's why I'm hosting the summit to never let anyone else suffer in silence.
