Welcome and personal healing journey

Hi. Sinclair Kennally here. Thanks again for joining me at the Reversing Crohn's and Colitis Summit. First of all, I'm really glad you're here. You're taking control of your own health, and you have made an awesome first step towards resolving your chronic gut issues by purchasing.

I have actually walked the same challenging path you're on now with my own health. I was actually told that healing was impossible, that this would be a life sentence for me.

Something to manage. Something to withstand. Something to keep an eye on and try to avoid surgery. My life shrank to the size and shape of my symptoms, and I was down to eating only three foods for a long time.

With brain fog so bad that I couldn't actually remember the words I had read just minutes earlier. Couldn't read an email. Couldn't write a sentence. But I refuse to accept that fate.

I took charge, I did my research, and I transformed my own gut health.

Summit access and bonus resources

It did take me eight years to figure it out, and I want to make sure that it's so much easier and faster for you. So I want to share everything I learned with you, because the truth is, you can heal too.

That's exactly why I'm hosting this summit. To empower you with the tools and knowledge you need to reclaim your health. I'm so excited for you to experience this summit in your own way and at your own pace.

I want you to be able to come back to these incredible presentations whenever you need them. Speaking of which, this is a great time to remind you of two things.

You have access to dozens of videos from this summit forever. You can also download and read all the transcripts and the audio files. I find it really helpful to listen to the audio versions in my car or during my morning walks.

Also, remember to download your bonuses from our speakers. They contain exceptional value for your healing journey. You can access all these items at any time in the menu located at the top of your account profile.

If you bought any other products during the checkout process, an email from us with instructions on accessing them is already in your inbox. If you can't find it, please email support@drtalks.com.

Encouragement and closing message

You can also contact the DrTalks team if you have general questions about your account. And that's it for now. I hope you enjoy all the information in the summit.

Just remember your body is absolutely brilliant. It never forgets how to heal. It just needs some strategic help. In this day and age. You have all the tools you need to heal right inside of you.

Sometimes you just need a little extra push and to tackle the right root causes in the right order. I know you'll see an incredible transformation if you focus on that.

And we are here to cheer you on every step of the way. Enjoy.
