Hi, Doctor Joel Kahn and thanks again for purchasing the reverse heart Disease Naturally Summit. You've made an excellent choice and a huge first step towards a healthier life by learning about alternative methods for treating and most importantly, preventing heart disease.

I've been practicing cardiology for over four decades, but it was my own commitment to a plant based diet that led me to explore nontraditional diagnostic tools, prevention tactics, and nutrition based recovery protocols.

The ideologies I came across influenced me to focus on being a holistic cardiologist full time, advocating for a holistic, integrative approach to prevent and reverse heart disease as naturally as possible.

Now I'm hosting this event to share my knowledge and help thousands worldwide achieve optimal cardiovascular health. I'm so excited for you to experience this summit for your own, and have it to review at your own pace.

You can be a good student. I want you to be able to come back to these incredible presentations from world leaders whenever you need them. Speaking of which, this is a great time to remind you of two things.
