Welcome to the Summit

Hi there. It's Dr. Beverly Yates. Thank you so much for registering for the Reversing Type 2 Diabetes Summit. You should be proud of yourself for taking such a huge step toward living a healthy, fulfilling life.

When I reconnected with my biological father, I discovered something surprising. He and his 12 siblings all experienced some form of diabetes.

Dr. Yatesu2019 Personal Mission

That experience deeply moved me. I'm dedicated to making a difference in the lives of those affected by Type 2 diabetes or pre-diabetes, including you.

With over 30 years of clinical experience, I've had the privilege of assisting thousands of patients. I created the Yates Protocol, a unique program to help people manage and possibly reverse this condition.

And now I'm hosting the summit. I want you to learn methods to lower your blood sugar levels and to have more energy. My mission is to help you live your life to the fullest.

I'm so excited for you to experience the summit in your own way and at your own pace. I want you to be able to come back to these incredible presentations whenever you need them.

Speaking of which, this is a great time to remind you of two things.
